

Mounting Bracket for the C3A

The sturdy, durable stand adds a flexible mounting option for the C3A wire-free camera.

C3A Accessory

360° Horizontal Swivel, 90° Vertical
Tilt for Optimal Viewing

Secure Installation

Use the bracket and screws to install the camera firmly on a wall or ceiling, then adjust for the best viewing angle. Vandals attempting to remove it will be unable to do so and will be captured on video.
