EZVIZ

EZVIZ *RE4*

Robot Vacuum & Mop Combo

Effortless cleaning, simplified living

EZVIZ Green
Made With **RECYCLED MATERIALS**

Discover the ideal cleaning ally that simplifies daily floor maintenance for every household. EZVIZ's new RE4 boasts a remarkable suction power of 4000 Pa, capable of efficiently handling both vacuuming and mopping tasks with ease. The RE4 showcases smart and seamless room navigation, powered by cutting-edge LDS LiDAR technology and infrared sensors that deftly evade obstacles in real time. It not only customizes cleaning routes to meet specific needs but also features a compact and user-centric design, making it the perfect choice for a variety of modern homes.

Dual power for worry-free cleaning

Experience the convenience of having the RE4 manage your daily cleaning routine. It excels in sweeping, vacuuming, and mopping your entire home, preventing the buildup of dirt, dust, and other debris. Enjoy your leisure time while this powerful robot vacuum effectively eliminates even the most stubborn floor stains.

Made ready to tackle every dusty corner

Ultra-Strong Suction Power to Absorb Dry Debris

Built to present spotless floors to homeowners, the RE4 effectively removes dust, pet dander, and hard-to-collect debris in a flash.

Consistent Mop Pressure to Sanitize Floor

The robot boasts a 300ml clean water tank for thorough, whole-home cleaning. You can adjust the water level to match any type of floor or mess.

Automatically Boosted Suction to Clean Carpets

To pull dust and hair up from carpets, the RE4 automatically increases its suction power after detecting a carpeted area.

Accomplish your whole home cleaning mission all at once

Say goodbye to tedious and time-consuming cleaning. With a cleaning capability of up to 300 m² , the RE4 effectively covers extensive areas at once.² The robot will automatically return to the charging base to recharge if the battery is running low.

Cleans up to
300M²
With One Full Charge

Detect the surrounding environment with built-in smartness

With the integration of LDS LiDAR technology and infrared detectors, the RE4 excels in avoiding obstacles and strategically mapping out the most efficient cleaning route and leaving no corner untouched.

Customize home cleaning with ease

In addition to quickly mapping out your home, the RE4 also smartly adapts to everyday changes, delivering tailored cleaning experience for every home. Using EZVIZ App, you can customize floor plans easily for different areas and rooms, or set up cleaning missions for the whole home.

Create cleaner homes on a greener earth

01 Reuse recycled materials

With sustainability in mind, EZVIZ uses recycled materials –
an amount that equals about 16 plastic water bottles – on the
RE4's back plate, helping reduce plastic pollution and give used
materials a second life.

## 02 Grow greenness with the RE4

With revenues from the RE4, EZVIZ is giving back to the planet - planting
trees and empowering local farms via our dedicated EZVIZ Global Forest Plan.
On average, we plant two trees a day with our green partner Treedom,
a global leading tree-planting platform.
